All over the Washington, D.C. Metropolitan area, there are retired military and law enforcement service dogs, which like any animal, need proper medical attention to live healthy, happy lives. Because of the demanding nature of their jobs, many of these dogs require additional care, especially as they age, for problems such as arthritis, separation anxiety and pain management.

When service dogs retire from active duty, usually around the age of 10, all the dogs' benefits cease, including veterinary care and dog food. These expenses become the responsibility of the officer/handler/owner.

The senior years of a dog's life are the most critical and expensive. Approximately 40% of the lifetime veterinary expense for dogs occurs in the last years of their lives, meaning the handler could expect up to \$5,000 in veterinary bills in the final few years. This financial burden very often puts the handler in a difficult position of having to decide if they can afford to care for their canine partner for the remainder of the dog's life. These military and law enforcement service dogs, and their human partners, DESERVE BETTER in return for their commitment and service to our country!

Therefore, we are asking for your help. The inaugural golf tournament will be held on **Friday May 31, 2019 at Westfields Golf Club**, 13940 Balmoral Greens Ave Clifton, VA 20124

In addition to a great day, this is a fantastic way to market your company. We invite you to support this worthwhile event through your sponsorship or contribution, while reaching the premier business professionals in the region.
